

TRUCK WASH 80

TRUCK WASH

- **Powerful - removes traffic film and grease**
- **Fast action - saves time and labour**
- **Suitable for all pressure washers**

USES

An economy alkaline pressure washer additive, used at 1.35% dilution at the nozzle.

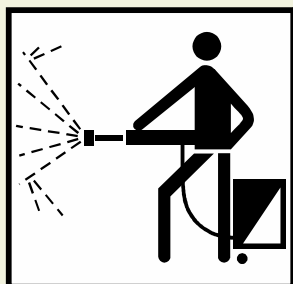

Truck Wash 80 boasts controlled foam levels and a degreasing action. Effectively removes traffic film, grease and dirt.

Recommended for cleaning vehicles throughout the automotive industry, e.g. cars, vans, lorries, tankers, curtain-sided vehicles and commercial vehicles. The non-tainting formula makes it suitable to clean vehicles involved in the transportation of meat and food.

DIRECTIONS

Suitable for use with hot or cold water machines. Dilute TRUCK WASH 80 with water according to the area to be cleaned and adjust the detergent feed rate to achieve the cleaning action required. Apply to the surface using pressure washer equipment. Rinse off immediately with plenty of clean water.

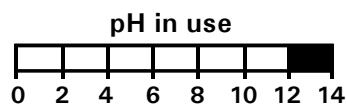

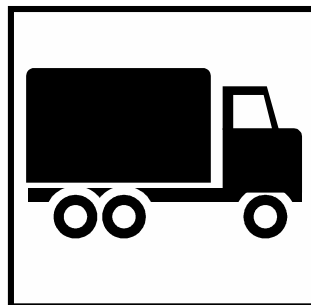

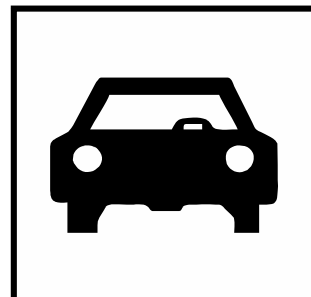

N.B. Do not allow TRUCK WASH 80 to dry out on surface or staining may occur. Do not use on alkali-sensitive surfaces or materials.

DILUTIONS

TRUCK WASH 80 : WATER		
Heavy Soil 1:100	Medium Soil 1:150	Light Soil 1:200
