## AQUACLEAN

pH:10  
Alkali

### Carpet Extraction Cleaning Solution

FC5

Aquaclean is our special high concentrated solution designed for spray extraction of carpets and upholstery. The highly concentrated formula of Aquaclean also enables it to be used as a pre-spray for areas of high traffic and soiling.

Super effective when used on carpets or upholstery, Aquaclean is safe for use in all carpet cleaning machinery using either hot or cold water.

Extremely versatile, Aquaclean can be used on any substance that can tolerate water.

Do not use on any fabric that must be dry cleaned.

Always test on a small area of carpet or fabric before use.

**Designed for professional use.**

### BENEFITS

- Non-foaming for ease of use.
- Free from enzymes and phosphates.

### HOW TO USE

Clean the carpet / fabric taking care to extract as much liquid as possible.

Go over areas of high dirt levels several times if needed.

Do not rub the carpet/fabric.

Allow to dry.
