

PRODUCT INFORMATION

AUTOSCRUB

pH:13
Alkali

Heavy Duty Low Foam Detergent

FC1

Autoscrub is our heavy duty low foam cleaner, especially designed for use with scrubber-dryer machines. Its water-based, water soluble and fragrance-free formula makes Autoscrub ideal for use in all industrial environments including food production establishments.

Powerful and versatile, Autoscrub uses its strong and unique formula to lift and destroy dirt and grime such as: carbonised deposits, dried oil, fats, grease, dirt, blood, protein, rubber and starch.

Safe for use on nearly all water soluble surfaces and floor surfaces including: concrete floors, industrial painted floors and ceramic tiles.

Designed for professional use.

BENEFITS

- Powerful - suitable for heavy duty applications
- Low foaming for use in scrubber driers
- Concentrated for maximum economy in use

HOW TO USE

Dilute as below, with hot or cold water.

Apply using a floor cleaning machine / scrubber dryer.

Do not use on alkali sensitive materials e.g. aluminium, zinc etc.
