Neutral

### Bactericidal Hand Soap

SC10

Purifi is our highly active bactericidal hand soap and skin cleanser.

With its controlled foam and effective bactericidal formula, Purifi kills bacteria whilst creating a rich foam, leaving users with safe and clean hands.

Designed for preserving hand hygiene wherever it is used, Purifi is ideal for use where food is stored and handled-due to its strong bactericidal properties.

Purifi features an odourless and non-tainting formula, perfect for use through cartridge wall dispensers, bulk wall dispensers or pump dispensers fitted to a free standing bottle.

Suitable for use in all industrial and commercial environments.

**Designed for professional use.**

### BENEFITS

- Contains skin conditioners - mild in use
- Kills 99.9% of Bacteria
- Non-tainting - suitable for food environments
- Suitable for Vegans.

### HOW TO USE

Wet hands and apply Purifi.

Rub well into skin, creating a rich lather and ensuring contact with the entire surface of the hand and wrist.

If needed use a nail brush to clean under nails.

Then rinse away with clean water and dry hands.

Dispenser refill: Pour from bottle directly into dispenser.
