Universal Cleaner & Sanitiser

DC10

U-San is our universal cleaner and disinfectant, formulated for daily disinfection of all hard surfaces, cleaning and sanitising in one quick application.

With a neutral, odourless formula, U-San is ideal for use in food preparation areas and safe on all hard surfaces.

A universal use product, U-San provides effective high performance cleaning and disinfecting in all areas and on all hard surfaces.

Passes EN 1276 & EN 14476.

60 second contact time kills 99.999% of bacteria and 99.99% of enveloped viruses.

Designed for professional use.

BENEFITS

- Kills 99.999% of bacteria.
- Perfume free
- Multi-purpose surface disinfectant.
- Suitable for all hard surfaces in the food industry.

HOW TO USE

Dilute as below, spray onto surface and allow 60 seconds contact time.

Wipe away with a clean cloth.

For food preparation areas, rinse thoroughly with clean water. Leave to air dry.

For heavily soiled areas, use Unisolve or Blu+ to deep clean first.

PRODUCT SIZES

5 Litre, 750ml

DILUTIONS

Note: Always add water before product. Minimum ml per pump shot is 30ml.
