## U-SAN RTU

**pH:7**  
Neutral

Ready To Use Universal Cleaner & Sanitiser

**DC11**

Ready-to-use, universal cleaner and disinfectant, with a neutral, odourless formula for daily disinfection of all hard surfaces, cleaning and sanitising in one application.

Food area safe, U-San passes EN 1276 & EN 14476. 60 second contact time kills 99.999% of bacteria and 99.99% of enveloped viruses.

**Designed for professional use.**

### BENEFITS

- Kills 99.999% of bacteria.
- Perfume free
- Multi-purpose surface disinfectant.
- Suitable for all hard surfaces in the food industry.

### HOW TO USE

Spray onto surface and allow 60 seconds contact time.

Wipe away with a clean cloth.

For food preparation areas, rinse thoroughly with clean water. Leave to air dry.

For heavily soiled areas, use Unisolve or Blu+ to deep clean first.
