

UNISOLVE

HEAVY DUTY CLEANER AND DEGREASER

- Removes oil, fats, grease, blood and starch with ease.
- Biodegradable, fragrance and phosphate free.
- Perfect for use in the catering industry.

USES

Unisolve is our powerful, non-fragranced, non-flammable alkaline cleaner & degreaser, formulated to battle the toughest cleaning jobs..

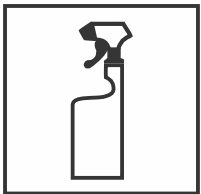

Unisolve is perfect for use in the catering industry to remove grease and dirt from cookers hoods and extraction fans.

Extremely versatile and powerful, Unisolve will dissolve almost any dirt and grime in its path and leave a spotless finish..

Unisolve is also ideal for use of cleaning floors, walls, algae, paths roofs and any safe-tested surfaces that requires serious deep cleaning.

DIRECTIONS

Dilute as listed below, with hot or cold water water, apply using spray, mop, brush, cloth or machine. Once cleaned rinse away or wipe with water.
